A new 'atrocities literature' by a US-based 'research' org- 'Hindutva Watch' is in use by media— both Indian & intl to peddle the narrative of fascism in India.

But DID YOU KNOW #HindutvaWatch has a Pakistani hand behind it which has direct links with Pak's ruling party?

Exposé:

HW started as a Twitter handle in 2019, & its website also became operational in the same year. It had no fathers until owned by Raqib Hameed Naik in 2023 with the help of WaPo journo Pranshu Verma. Verma didn't even check the dates claiming it was founded in April 2021!

(2/n)

India's online database of Hindu-Muslim violence — one of the most robust real-time data sets of human rights abuses in the world's largest democracy. Using video and picture evidence submitted by a network of Indian activists, along with news aggregation, the site tracks hate crimes by Hindus against Muslims, Christians and members of the lower-caste caste. **Since its founding in April 2012**, it has catalogued more than 2,000 instances of violent attacks and rhetoric. (**Hindutva** refers to political ideology that advocates for Hindu supremacy.)

It is likely an underestimate, Indian political experts said. Still, the website has depicted the increasingly authoritarian government of right-wing Prime Minister Narendra Modi, which critics charge promotes the idea that the Hindu majority is superior and tolerates deadly crimes against Muslims and Christians.

#HindutvaWatch was not the only project of Raqib Naik. He had also associated with another anti-India propaganda front 'TwoCircles', which is part of a larger info-war network run by Jamaat-e-Islami Pakistan affiliates. We come back to this in a while.

Back to #HindutvaWatch

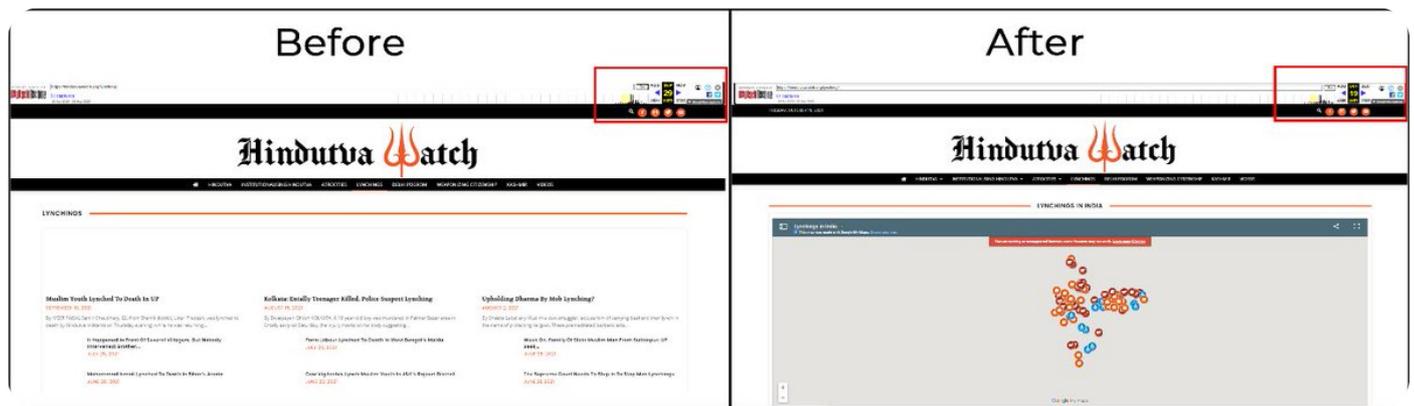

Truth has a tendency to surface. An 'interactive map' embedded on the website of Hindutva Watch gave away the role of the Pakistani establishment. The map has been embedded and run by one Sardar Adil Kayani.

(4/n)

Kayani developed this 'interactive' map on October 13, 2021, and uploaded it on the Hindutva Watch website on October 21, 2022. To date, the map hasn't been used elsewhere except the HW website, implying it was specially curated for this project.

(5/n)

Kayani not only runs anti-India propaganda but also runs PML-N's propoganda in Pakistan. He has been running a similar 'interactive map' showcasing the 'achievements' of the ruling PML-N govt.

A true Pakistani, Kayani also runs propaganda on Kashmir. He launched a 'signature campaign' on Kashmir on Change dot org in 2017 echoing Pak's 'Free Kashmir' demand. As expected, he also contributes his 2 cents towards the enterprise of dismembering India.

Kayani has stayed in the past in UK (2005-7) & Russia(2007-13) per his LinkedIn. That is not all. He is a key player in anti-India propaganda. His alter ego on social media– Cyrus Kayani– has been associated with another Pak establishment enterprise – Global Village Space.

TCN is part of Pak's 'Op Tupac' which aims Balkanization of India. TCN founder Kashif UI Huda is a SIMI sympathizer & supports the disintegration of India. Another TCN employee Irfan Mehraj (former JKCCS member) was arrested by NIA under UAPA

Worth reminding: Before forming TCN, Kashif ran 'Urdustan' & 'IndianMuslims' which endorsed 'Dalitstan' that projected breaking India into Dalitstan, Mughalistan, Khalistan, & so forth.

What is surprising, however, is that despite repeated expose of similar fabricated data – from DoTo – to FIACONA– to NAMTA– the media continues to fall for these fabrications, without carrying out even the most basic scrutiny. The HW page itself confirms its affiliations.

What isn't so obvious is the role of Indian media. Whether it's ignorance, callousness, apathy, or collusion, harm to India's image will remain. As Prof Salvatore Babones once remarked, for some reason Indian intellectuals end up being on the side that bets against India
