US Rep #PramilaJayapal (PJ) has mobilized 70+ US politicians to worry about 'human rights' in India during #ModiInUSA trip. Her 'letter' to #Biden against GOI is full of exposed tropes— from Democracy Index to Press Freedom to USCIRF Report!

But her real motive? The \$!

Earlier, PJ had shown a similar concern on #Kashmir in 2019. And as a pure coincidence, US based Lobby firm Holland & Knight was hired by Pak Govt during the same time. And, per their own documents, PJ was one of the “persons approached” by Holland & Knight.

PJ spoke on Kashmir b/w Aug-Dec(2019) including writing a 'letter' to US Congress & passing resolution on Kashmir (Dec'19)

Lo & behold! Her 'human rights' pain ceased just when Holland & Knights' contract with Pak ended in Jan'20. She hasn't tweeted on Kashmir since 2019.

Q4: What are you doing about situation in Kashmir?

A: I have called on the Indian government to quickly end these denials of rights. I have been advocating publicly and privately for those being detained, including a constituent's uncle, Dr. Shah, after 100+ days, was released.

The special U.S.-India relationship is undermined by the human rights abuses in Kashmir & Jammu.

Proud to lead a bipartisan resolution that calls on India to live up to its democratic values.

Her affair with Islamists goes deeper. PJ is a beneficiary of Islamist funding for her political campaigns. Between 2014-18, she received about USD 20K from #CAIR-Council on American Islamic Relations, a #MuslimBrotherhoodfront, named in 2007 Terror-funding case in US!

Review of FBI Interactions with the Council on American- Islamic Relations

September 2013

EXECUTIVE SUMMARY*

In March 2012, after receiving a congressional request, the Office of the Inspector General (OIG) initiated a review to examine the clarity of the Federal Bureau of Investigation's (FBI) policy and guidance for its non-investigative interactions with the Council on American-Islamic Relations (CAIR) and FBI field office compliance with the policy and guidance. In evaluating field office compliance, we focused on five specific interactions between the FBI and CAIR that took place from 2010 through 2012 at three FBI field offices: New Haven, Connecticut; Chicago, Illinois; and Philadelphia, Pennsylvania. We found significant issues with the way the FBI implemented and managed its CAIR policy and guidance. The OIG is issuing a full report today on FBI interactions with CAIR to Congress and the Department of Justice that is classified at the Secret level. This unclassified summary of the report summarizes the findings, conclusions, and recommendations of the report.

Background

In 2008, the FBI developed a policy on its interactions with CAIR based in part on evidence presented during the 2007 trial of the Holy Land Foundation for Relief and Development.¹ The evidence at trial linked CAIR leaders to Hamas, a specially designated terrorist organization, and CAIR was named as an unindicted co-conspirator in the case. The policy was intended to significantly restrict the FBI's non-investigative interactions with CAIR and to prevent CAIR from publicly exploiting such contacts with the FBI.

She was also concerned about the #Caste issue in February 2023, extending support to Seattle's 'Caste Ban', a project pushed by Soros-funded #EqualityLabs. And coincidentally, PJ received USD 19,900 from Soros Fund Management b/w 2018-22.

Last night, Seattle became the FIRST city in the country to ban caste discrimination!! 🙌🇺🇸

This discrimination has no place in a just, humane society, whether that is here in Seattle or anywhere else in the world.

Seattle becomes first U.S. city to ban caste discrimination

Activists say people of lower castes have faced discrimination while at work and school. The measure was opposed by some Hindu groups.

Caste discrimination has no place in society anywhere in the world, including here in America.

That is why some colleges and universities have banned it on campuses, and workers are fighting for their rights and their dignity in cases involving caste discrimination. 🇺🇸

Many Indians don't understand how lobby works in US or that US politicians' general knowledge beyond their backyard is usually ZERO

Let aside human rights concerns. It would be moral & intellectual hazard to treat people like PJ as anything but a poor joke in this context
